

Student Dvar Torah - Parashat Vayishlach

By Joseph Gindi – Grade 8

In this week's Parashah Yaakov prepared himself in three different ways to handle Esav: Gifts to appease him, Prayer, and war. Rabbi Yeruchem Levovitz said that we see that Yaakov didn't rely only on his holiness and he made every human effort possible. From this we learn an important life lesson. We must do everything in our ability to be successful, and never think anything is coming to us. At the same time we have to realize that everything that happens is because of Hashem.
